ANNOUNCEMENTS

Time to Sign Up for Labor Day Weekend Family Camp!

Labor Day Weekend Family Camp September 1-4, 2023

Don't Miss Out On A Fun-Filled Weekend! Join other FBC Members and Friends~ All Are Welcome!

What could be a better way to wrap up the summer than a weekend away, at Geneva Point Center on Lake Winnepesaukee?

The weekend is for all ages, singles, families, extended family, friends, and newcomers. It is a time of fun, exploration, community and recreation in a beautiful setting. Sit a while in a rocking chair overlooking the lake and mountains. This time together is sure to become a highlight of your year!

You may find out more information at: www.ldwfc.com. **First time attendees will receive a discount**, and funds are available to make the weekend affordable for all those who would like to attend.

For registration and any further questions please contact Cindy Shupp at cjshupp@verizon.net.

Get To Know Your Neighbor: Jack Hadley, Worship Production Coordinator at FBC Beverly

THANKS TO JACK & HIS TRUSTY CREW, WE GET TO ENJOY FBC SERVICES OVER LIVESTREAM EACH WEEK ON YOUTUBE

JACK HADLEY

This week's summer feature should be a very familiar face, as our very own Jack Hadley has been both a volunteer and attendee of FBC Beverly since 2008. He was a member of the Senior High Fellowship group from 2008-2011 and involved as an advisor from 2017 through today. Jack has also volunteered periodically with the Lunch Program since 2017, been a member/volunteer of ShelterFest since its inception in 2017 and involved in all three concerts (2018 – 2020), & been a member of the search committee for a new minister in 2021 that led to the full-time hiring of Dr. Daniel Johnson.

So how did Jack get involved in the tech side of Worship, you ask? During the height of the COVID-19 Pandemic (post-lockdown), FBC was looking for a small group of volunteers to help Dick Stone and Andrew Bahkit with the technical side of the livestream broadcast.

FBC was in the process of transitioning back to in-person worship services but livestreams were still being offered for convenience of our internal and external viewing audience. Jack enjoyed his time volunteering behind-the-scenes and

officially became the Worship Production Coordinator in 2023. You may or may not know, but Jack's actual day job is working as a *Quality Assurance Engineer* at a local medical supplies production lab. Jack monitors and analyzes anything that may have gone wrong during production for a product and tries to find ways to stop that issue from happening in the future.

Jack sure keeps busy at FBC and encourages others to get involved. And if there isn't quite the group you are looking for, then you can start it! When asked about a favorite FBC-related memory, Jack says "All the traveling that I've done with FBC thanks to their Mission Trips. It's allowed me to see and experience parts of the United States and connect with so many people at FBC that I did not know super well at the time."

When it comes to looking ahead in the coming year for the AV Tech Team, his goals include:

- Thorough training for any new/veteran members in any areas of production that they are most interested in (cameras, computer software, sound, etc.)
- Create a physical copy of procedures for all elements of worship production available at the production area as a reference for anyone to use as a guide at any time.
- Organize the production area as economically as we can while also sharing the space with the FBC choir.

Jack continues to look ahead and works to streamline responsibilities and processes during the Sunday service. Currently two people at minimum are needed to run the cameras, computer software and soundboard due to the amount of ground needed to cover in the Production area. He hopes to make the space more compact so that one person can comfortably operate the responsibilities if necessary. To all those who tune in on Sunday mornings via the YouTube Livestream that Jack and his team run, we are very thankful for this convenient worship option made easily accessible to all!

FBC members can contact Jack for any information OR to express interest in volunteering at avtech@fbcbeverly.org.
